Confirmation

Dear Mr Aminurrashid Bin Abu Bakar,

I am pleased to confirm your selection to participate in the *International High School Teacher Programme 2023*, which will be held at CERN (European Organization for Nuclear Research), Geneva, Switzerland from 1 - 16 July 2023.

Given that the Organization is located on the border between France and Switzerland, you are invited to take the necessary steps to obtain the required documents, in particular a visa for entry to the Schengen member countries France and Switzerland, if applicable. Taking into account the short time before your arrival, we strongly recommend that you immediately contact the consulate competent for your place of residence, taking this letter with you, and specifying the duration and nature of your visit to CERN.

As previously stated, CERN will cover your accommodation and living expenses for the duration of the HST2023 programme. Specifically, the accommodation has been booked for you at the CERN Hotel, Route de Meyrin 385, 1217 Meyrin, Switzerland. Please note that all visitors to CERN are expected to hold health insurance coverage valid for France and Switzerland for the duration of their stay, covering illness, disability, and accidents.

We wish you an enjoyable visit to CERN,

A handwritten signature in blue ink, appearing to read "Sascha Schmeling".
